Qatar secures new incinerator...

Incinco has installed and commissioned a new incinerator for the State Security Bureau (SSB) in Doha, Qatar.

The diesel oil fired FS100 incinerator - with auto-feeding via pneumatic ram loader - is located in a new incinerator building on the SSB site and will be used for the destruction of confidential and secret documents.

The unit was commissioned by Incinco mechanical and electrical engineers who also provided SSB staff with full operator training.

Incinco manufacture, install and commission incineration equipment throughout the world providing our international customers with unrivalled on-site service.
